

KnowServe Corp. — Human Resources Department

Employee Handbook

Welcome to KnowServe Corp. — a place where innovation, integrity, and collaboration define our everyday work. This Employee Handbook is designed to help you understand our policies, expectations, and benefits as part of our growing team. It outlines the principles that guide how we work together and how you can make the most of your experience here. KnowServe operates in a flexible hybrid environment. Employees may work remotely or on-site, as long as they maintain open communication with their managers and teams. Standard working hours are from 9:00 AM to 5:30 PM, with flexibility to accommodate personal needs. Employees are expected to manage their schedules responsibly and ensure deliverables are met. Our workplace is built on trust and respect. Harassment, discrimination, or retaliation of any kind are strictly prohibited. Confidentiality is equally vital — employees must protect sensitive data, including client information, source code, and internal communications. All digital systems are monitored to ensure compliance with data protection standards and cybersecurity policies. Time off is essential for well-being. Full-time employees receive 18 vacation days per year, in addition to public holidays and sick leave. Requests for time off should be submitted via the HR portal at least one week in advance. In cases of medical or family emergencies, flexible arrangements can be made in coordination with HR. KnowServe values continuous learning. Employees are encouraged to participate in workshops, professional courses, and mentorship programs. Internal job postings allow team members to explore new roles within the organization, promoting growth and internal mobility. Performance reviews are conducted bi-annually to assess goals, achievements, and areas for development. Compensation is reviewed annually and is based on performance, experience, and market standards. Benefits include health insurance, meal stipends, and access to mental wellness programs. We also promote work-life balance through flexible schedules and company-sponsored wellness activities. This handbook reflects KnowServe's commitment to a respectful, transparent, and empowering workplace. As our organization evolves, HR policies will adapt to reflect new realities — but our core values of collaboration, curiosity, and care will always remain the foundation of everything we do.
